## PROFESSIONAL SUMMARY

Aspiring Java Developer with hands-on experience in web application development, leveraging technologies like **Java, HTML, CSS, and Fronted technologies**. Proven ability to design scalable solutions and optimize user experience. Strong foundational knowledge in database management and front-end development.

Committed to delivering innovative and efficient software solutions.

## SKILLS

- **Programming Languages:** Core Java, C, C++
- **Web Technologies:** HTML, CSS, JavaScript
- **Databases:** MySQL
- **Development Tools:** Git, VS Code, MS Word, Team Collaboration Tools
- **Other Skills:** Team Management, Algorithm Design, Object-Oriented Programming (OOP)

## EDUCATION

Qualification	Institution	Year	Score
B.E. (Computer Science and Engineering)	Visvesvaraya Technological University	2025	8.29 CGPA
Class XII	Excellent P.U. College, Sunnari, Kundapur	2021	76.16%
Class X	Government High School, Kedur, Kundapur	2019	87.36%

## CERTIFICATIONS

- Certificate For Completion Of HTML Training ( September 2023 – October 2023)
- Certificate For Completion Of CSS Training ( September 2023 – October 2023)
- Certificate For Completion Of C Training ( July 2023 – August 2023 )
- Certificate For Completion Of C++ Training ( July 2023 – September 2023 )
- Certified Basics of F-S Web Development Internship ( December 2023 – January 2024 )
- Certified Core Java Developer ( September 2024 – December 2024

## INTERNSHIPS

### ➤ Varcons Technologies Pvt Ltd ( Duration October 2023 - December 2023 )

- Developed a Plant Care Tracker web app integrating a MySQL database to manage user profiles and schedules efficiently.
- Implemented responsive web design principles to ensure cross-platform compatibility.
- Utilized AJAX for real-time notifications and enhanced user experience.
- **Technologies used: HTML, CSS, JavaScript, MySQL.**

## ➤ **Global Quest Technologies (September 2023 – Present)**

- Completed Core Java training and currently advancing in Advanced Java.
- Designed and deployed modular applications leveraging Java Streams, Collections, and Multithreading concepts.
- Contributed to the development of a RESTful API for secure and scalable back-end communication.
- **Technologies used: Core Java, Advanced Java, REST APIs, JSON**

## **PROJECTS**

---

### ➤ **Dream Team Generator** (February 2024 – May 2024)

- Designed a web application for generating random teams on Dream11 using efficient randomization algorithms.
- Integrated a secure back-end service for storing and fetching user preferences.
- Technologies used: **HTML, CSS, JavaScript, Algorithm Design, REST APIs**

### ➤ **Online Music Player** (December 2023 – January 2024)

- Created an immersive music playback platform integrating playlist management and audio streaming functionalities.
- Implemented advanced JavaScript features for seamless playback, dynamic playlist updates, and interactive UI.
- Technologies used: **HTML, CSS, JavaScript, UI/UX Design, Web APIs**

### ➤ **Online Plant Tracking App** (June 2023 – July 2023)

- Designed a web app with features like automated care reminders, growth tracking dashboards, and environmental sensor integration.
- Leveraged APIs for real-time weather data to provide optimized plant care suggestions.
- Technologies used: **HTML, CSS, JavaScript, AJAX, REST APIs, Front-end Development**

## **ACHIEVEMENTS**

---

- Four-time District Level Chess Champion
- Recognized for exceptional performance in Core Java training at Global Quest Technologies.

## **LANGUAGES**

---

- English (Proficient)
- Kannada (Fluent)
- Hindi (Fluent)

## **HOBBIES**

---

- Playing Chess
- Exploring innovative software solutions through coding challenges
